On application for enrolment, Kallibr Training ensures that all students can seek admission to a course program on the same basis. Where students have needs, these are discussed in open consultation with the student, and where appropriate, reasonable adjustments will be made to facilitate the student's enrolment.

Kallibr Training provides high quality course services, including training and assessment that is suitable and appropriate for each student.

To maximise the chance of students successfully completing their training, Kallibr Training:

- Identifies any support individual students need prior to their enrolment; and
- Provides access to that support throughout their training.

Kallibr Training focuses on supporting a prospective student to understand how their options may affect their future and, ultimately, helping them to choose the right training. This includes being prepared to suggest, in some instances, that none of its offerings are right for an individual. Where this is the case, Kallibr Training refers prospective students to relevant government websites in their jurisdiction as a good place to start to determine more suitable course options.

NOTE: By completing and signing an Enrolment Application form, you acknowledge you have read and understood this Participant Handbook. If there is anything in this handbook or on the enrolment application form you do not understand, please ask one of the Kallibr Training staff.

### Academically Suitable and Appropriate Training

Kallibr Training has implemented this student entry procedure to ensure that you as a student are confirmed to be academically suited to undertake the course that you wish to study and to also ensure that the course is appropriate to your future needs.

To ensure that training is suitable and appropriate for each individual student, Kallibr Training's student application and enrolment processes include the requirements that:

<b>DOCUMENT NAME</b>	Participant Handbook	<b>ISSUE DATE</b>	May 23	<b>Standard REF</b>	2.1,2.2
<b>VERSION No. 5</b>	<b>Uncontrolled when printed.</b>	<b>NEXT REVISION</b>	Jan 24	<b>Page</b>	12 of 25

1. The student satisfies minimum academic admission requirements; and
2. The student satisfies any other specified entry requirements for the VET course of study; and
3. Kallibr Training believes that the student is academically suited to undertake the VET course of study.

PLEASE NOTE: If you are undertaking a course for a High-Risk Work licence, Workplace Health and Safety Queensland (WHSQ) mandates all assessments must be conducted in English without the use of an interpreter (the only exception will be for persons with hearing difficulties) and that all calculation questions must be answered in writing (not orally).

### *Recognition of Prior Learning (RPL) and Credit Transfer (CT)*

Kallibr Training offers all students a skill assessment through the recognition of prior learning and current competencies. Kallibr Training is committed to providing up to date and relevant information regarding Recognition of Prior Learning (RPL) and Credit Transfer (CT) to all students prior to enrolment and whilst enrolled with Kallibr Training.

Kallibr Training actively promotes RPL and will conduct RPL assessment in accordance with the principles of assessment and the rules of evidence. Kallibr Training has qualified RPL Assessors who are responsible for a fair, equitable and consistent RPL process.

### *Student Identification Requirements*

Kallibr Training requires student identification to be confirmed and verified identification evidence to be retained on file on admission to any nationally recognised course program. This may include:

- Evidence of student identity (drivers' licence and Medicare card)
- Evidence of student eligibility to participate (for example, citizenship)
- Evidence of pre-requisites being met (for example, previous qualifications/study)
- Evidence of residency where State government subsidies are being sought.

### *Student Enrolment Information*

All prospective students must complete and provide relevant enrolment information and personal data as a part of their enrolment application. This includes relevant AVETMISS data collection information and relevant student identifiers including the USI.

The Enrolment Application Form is signed by the student as a part of the enrolment process, to confirm that the information being provided is a true and accurate record relating to their individual situation. This confirms the application process but does not constitute formal acceptance of the student's enrolment into the course.

### *Unique Student Identifier (USI)*

From 1 January 2015 students enrolling in nationally recognised vocational education and training in Australia need a Unique Student Identifier (USI).

The USI gives students access to their online USI account which is made up of ten numbers and letters. The USI account will link students to their training records and results which are held in the national training collection. Students will be able to access their records online, download them and share them with future training organisations electronically.

With the student's permission, Kallibr Training will be able to see their students' entire nationally recognised training record with records collected post 2015. Kallibr Training will find it easier to assess prerequisites and credit transfers and assess students' eligibility for government funded training places. Further information is available from [www.usi.gov.au](http://www.usi.gov.au).

### *Non-Acceptance of Enrolment Application*

Should a prospective student not be accepted into the course program they have applied for, the individual will be provided with formal notice of this non-acceptance:

- In writing.

### Government funding, subsidy, or other support

Where participants would be accessing a government loan or subsidy, Kallibr Training provides details of these arrangements. Details include:

- Any costs associated (including interest or similar costs).
- Any debt that may be incurred; and
- Any loss of entitlement from the participant undertaking a course at Kallibr Training.

This includes, in the cases of limited entitlement schemes, where participants are only able to access one course or there are restrictions on what courses may be subsidised after completing their study at Kallibr Training.

For further information please see details on the Kallibr Training website, you can also refer to your enrolment pack or give us a call on 1300 668 141.

As a component of the enrolment process, Kallibr Training undertakes an eligibility assessment on particular government subsidy or support initiatives that you may be eligible to access.

### Construction Skills Queensland (CSQ)

Construction Skills Queensland (CSQ) is an independent industry-funded body supporting employers, workers, apprentices and career seekers in the building and construction industry.

CSQ's core programs focus on attracting, developing, and retaining new entrants and existing workers to underpin the future prosperity of building and construction in Queensland. The core programs are developed based on evidence-based information derived from a combination of emerging market conditions, industry consultation and learnings from program implementation. CSQ also supports strategic and innovative skilling solutions to respond to emerging issues in the Queensland building and construction industry.

If you're considering upskilling in construction, you may be able to receive support from CSQ funding. Where CSQ funding doesn't cover the full cost of the program, you will be required to contribute towards the remaining course fees.

### User Choice - PQS Agreements: Apprenticeship and traineeship funding (Queensland)

The User Choice program provides a public funding contribution towards the cost of training and assessment services for eligible Queensland apprentices and trainees.

The program aims to provide funding aligned to the skills needs of industry and respond to changing government priorities.

The program provides the flexibility for apprentices, trainees, and their employers to select a preferred registered training organisation (RTO) from a list of pre-qualified suppliers for the delivery of nationally recognised, accredited training to meet their specific needs.

The program works in conjunction with the Commonwealth Australian Apprenticeships System, under which apprentices and trainees (also known in some jurisdictions as "Australian Apprentices") enter into legally binding training contracts with their employers and receive structured training to achieve a nationally recognised qualification.

Course Advisors will discuss requirements and assess a student's eligibility for Government Subsidised training, at the pre-enrolment stage. If the student meets the eligibility requirements of the funding program, they may also be eligible for a concession or an exemption from the Tuition Fees

Students eligible for Government Subsidised training, concession, or exemption from student Tuition Fees, will need to provide appropriate evidence that meets the specific government requirements, including evidence of receipt of a benefit, pension, or allowance at the time of enrolment.

Note: Funding through the User Choice may impact further funding opportunities for eligible individuals. Information about further funding opportunities will be provided by the Course Advisor's prior to the student's enrolment in a course.

### Pre-Apprenticeships

A pre-apprenticeship course is a steppingstone to get into the industry of your choice. Completion of a pre-apprenticeship course will help to:

- Prepare you for the working environment in the selected industry.
- Give you basic skills or improve your existing skills.
- Pave the way for the learning you will get as part of your apprenticeship.

<b>DOCUMENT NAME</b>	Participant Handbook	<b>ISSUE DATE</b>	May 23	<b>Standard REF</b>	2.1,2.2
<b>VERSION No. 5</b>	<b>Uncontrolled when printed.</b>	<b>NEXT REVISION</b>	Jan 24	<b>Page</b>	15 of 25

## Do I need an employer before commencing a pre-apprenticeship?

You do not need an employer to commence a pre-apprenticeship however undertaking a pre-apprenticeship does provide you with the skills, knowledge and experience that prepares you for an apprenticeship.

## Will a pre-apprenticeship guarantee me a job?

A pre-apprenticeship does not guarantee you a job, but it does provide you with the best preparation for a formal apprenticeship by teaching you basic skills associated with your vocation of choice.

Many employers, when deciding who to take on as an apprentice, will give preference to an applicant who has completed a pre-apprenticeship because they are 'work ready'.

## Apprenticeships/Traineeships

An Australian apprenticeship or traineeship can be undertaken on a full-time or part-time basis, and it can be used as a valuable steppingstone to a career in an industry you want to work in.

If you are employed as an apprentice or trainee, you will combine work for your employer with structured training organised through Kallibr Training using a block release delivery model and receive a nationally recognised qualification which may be subsidised by the Victorian Government. A special feature of apprenticeships and traineeships is that a formal contract of training exists between the employer and the apprentice or trainee, which sets out the responsibilities of each party.

Apprenticeships and traineeships are not just for students leaving school. They are suitable for students of all ages who are interested in jobs that have career prospects in particular industries. As an apprentice or trainee, you will become more employable by holding a qualification that the industry recognises throughout Australia.

Apprenticeships and traineeships may also be a way for existing workers to gain formal recognition for any skills they have attained and to consolidate these skills by undertaking further/supplementary training.

## Workplace Training

Workplace training is an integral part to your Apprenticeship/Traineeship.

This model combines on-the-job, work experiences and structured training relevant to the student, employer, and enterprise.

- For those studying under an apprenticeship or traineeship see the workplace as your classroom. The resources you need to develop your skills are found in your colleagues and the equipment and facilities of your workplace.
- You should actively participate in your training by asking questions to help with your training and by practicing what you learn so that you can become competent in the skill.
- Self-manage your training by regularly ensuring you are learning what needs to be learned. Your training plan will help you in this regard.
- Participate in your learning experience by using opportunities such as busy times and special projects to provide you with new and improved skills.
- Use the people in your workplace as well as outside to maximize your learning.
- Be professional and take pride in your work. It will improve your performance and further advance your quest for learning.
- Timeframes set on the training plan must be met.
- Get to know your supervisor and Trainer / Assessor and their roles and responsibilities. They are there to support you and will also seek guidance from you as to what you need. You can meet with your Trainer / Assessor at any time to work on any aspects of your training; this may be at your premises or the RTO premises.

## Fees and charges

The tuition fee is the base cost of your course and does not include the costs of additional material and incidental fees and costs. Tuition fees vary by course and by state.

Tuition fees will also vary if you are eligible for recognition of existing skills via a Recognition of Prior Learning (RPL) process or are eligible to be granted Credit Transfer for some units.

# Commencement of studies

Once your enrolment documentation has been processed, you will be provided with a proposed training plan outlining the units of competency for your course, the proposed start and end date, assessment methods, any credit transfers that may have been granted and units eligible for consideration for RPL, and the trainer responsible for your training. You must review the training, returned a signed copy in agreement of the proposed plan.

Students who require any support are provided with an individual learning plan during the induction process. However, these plans can be implemented later if requested by the student or the trainer.

Students who are eligible for funding, may also need to sign a funding contract.

If you are eligible for a traineeship or apprenticeship, both your employer and you will need to complete paperwork through an Australian Apprenticeship Support Network. This may be done prior to enrolment.

If you are undertaking workplace-based training, an initial workplace visit, and provisional schedule will be provided. A training plan will also be completed in agreement with timeframes for delivery and assessment with both you, the apprentice or trainee, and your employer and you will receive a training record book.

All students will undertake a face-to-face induction of their studies (whether this is face to face or workplace based) which reinforces student expectations, student commitments, student rights and responsibilities, Kallibr Training's obligations to the student, that Kallibr Training is responsible for the quality of the training, how the student will submit assessments and what to do if they need extension to assessment due dates as well as introducing the trainer and their background.

Your trainer will give you information about:

- WHS and Housekeeping
- About Kallibr Training and its history
- Course Information
- Attendance
- Policy, Procedures and Key Documents
- Student Support
- Kallibr Training Learning Management System (CloudAssess)

## Attendance

Students are responsible for their own attendance, and you are expected to attend 100% of scheduled classes or workplace training.

Kallibr Training understands that there will be times where circumstances which are beyond your control will prevent you from attending training, these may include, but are not limited to:

- Illness or injury
- Personal/family reasons
- Work commitments
- Bereavement

Kallibr Training is committed to giving every student an opportunity to successfully complete their chosen course and provides support for individual circumstances when a student begins to disengage from their learning or when regular attendance is not consistent. You must notify Kallibr Training or your Trainer if you cannot attend training or a class.

## Assessment

Student assessment is a vital part of the learning process. Assessment is the process whereby student learning outcomes are determined; feedback is given to students on their progress and a result grade is awarded.

It is the responsibility of students to:

- Engage actively in the learning process and participate according to unit and assessment requirements.
- Complete assessment tasks diligently and honestly to provide evidence of learning achievements in a unit.
- Meet assessment requirements as specified in the unit outline, including submission of work by the due date; and
- Discuss any concerns they have regarding their progress in coursework and assessment as early as possible with relevant trainers and / or a Training Supervisor. If you are experiencing a welfare issue, then you may be referred to Student Support / Customer Services.

<b>DOCUMENT NAME</b>	Participant Handbook	<b>ISSUE DATE</b>	May 23	<b>Standard REF</b>	2.1,2.2
<b>VERSION No. 5</b>	<b>Uncontrolled when printed.</b>	<b>NEXT REVISION</b>	Jan 24	<b>Page</b>	20 of 25

Please note that if your course is partially or fully subsidised by state, territory, or federal funding, that you are obliged to maintain appropriate progress as part of your eligibility to receive this funding.

Competency is built over time; as such you will be assessed at various points as you gain knowledge and master skills. Each assessment task is reviewed by a Kallibr Training Trainer / Assessor and an outcome of Satisfactory/Not Yet Satisfactory is determined for each completed assessment task.

To demonstrate competency in a Unit, you must satisfactorily meet the requirements for all assessment tasks and be deemed competent at the completion of assessment. For students who are deemed not yet satisfactory in the assessments tasks of a unit you will have the ability to complete the assessment again.

To maintain access to Kallibr Training Systems you must be actively engaged in the completion of any outstanding assessments. This engagement must include at least one of the following in a two-week period:

- LMS login
- Contact with a Kallibr Training Trainer, include a signed Student Contact Record
- Assessment Submission via the LMS
- Progress towards an Assessment Submission via the LMS – at a minimum this must include the completion of elements of an assessment.

Failure to meet the minimum engagement required will see you progress towards withdrawal from training and all access to Kallibr Training systems will be removed.

An extension beyond this timeframe may be considered by Kallibr Training on request from you or if it becomes clear to Kallibr Training that you are at risk of not completing or submitting all outstanding assessments as per the signed agreed Training Plan. Kallibr Training and/or you must either provide supporting reasons for the request or you must have actively engaged in the progression of any outstanding assessments within 30 days prior to the extension request. Should you request an extension to the timeframe outlined in your signed agreed Training Plan, Kallibr Training reserves the right to apply an administration fee payable by you prior to any extension being granted.

### ***“What happens if I am deemed ‘Not Yet Competent’?”***

Kallibr Training provides end-to-end learning and assessment support to students. After 2 assessment attempts, if you are still unable to demonstrate competency, we may recommend that you re-enrol in that unit(s) and take part in the delivery and assessment of the unit again.

In the VET sector, or competency-based training like the course that you are enrolling into, there is no pass or fail. Put simply:

- a) You are deemed “competent” when you have met all the requirements for a unit of competency or
- b) You are seen to be “not yet competent” as you have not been deemed “satisfactory” in one or more assessment tasks, hence more evidence needs to be provided, and can be continued to be provided, until you have met all the requirements to be seen as competent, based on the parameters given to us.

It is important to us that you understand there is no ‘fail’ in our industry. There are no exams or ‘just one shot’ at it. It is a partnership where together, through coaching from us and effort on your part to demonstrate you have gained the skills and knowledge – a certificate is not far away.

If you have any difficulty understanding an assessment speak to your trainer or call customer services on 1300 668 141. Kallibr Training has several assessment support options available to assist you.

## ***Discipline***

### **Plagiarism and collusion**

Plagiarism occurs when a student passes off as the student's own work, or copies without acknowledgement as to its authorship, the work of any other person. Collusion occurs when a student obtains the agreement of another person for a fraudulent purpose with the intent of obtaining an advantage in submitting an assignment or other work.

Students are required to complete a declaration when submitting assignments that certifies the work is entirely their own except where quoted or acknowledged in the text. If plagiarism is detected the consequence may be failure in the unit of competency or withdrawal/cancellation from the course/program

### **Surveys**

Kallibr Training strives to provide a high quality, flexible training service. Gaining feedback is extremely valuable in assisting Kallibr Training to achieve and maintain this goal. It is, therefore, our intention to regularly collect and analyse stakeholder and client feedback and satisfaction data on the services we provide.

To assist Kallibr Training in providing an ongoing, efficient service, students and employers may be asked to complete a survey at various stages of the training program. The results of these surveys are used to provide valuable feedback on the services we provide. They assist Kallibr Training in meeting a range of quality standards that we aim for, and which are required of Registered Training Organisations.

Your feedback, obtained through the completion of such surveys, further helps us to improve our level of service and maximize the opportunities and benefits our students can enjoy.

Results and comments made within surveys may also be used in marketing material produced by or on behalf of Kallibr Training. Where this occurs, consent is sought prior to use and a signed agreement is used to document the consent process.

### **NCVER Surveys**

There is also a possibility you will receive a survey by the National Centre for Vocational Education and Research (NCVER) which collects data to enable the accurate, reliable, and consistent measurement of activity in the Vocational Education and Training sector. The NCVER may also invite you to participate in a department endorsed project or you may be contacted the Department (or authorised persons) for audit purposes.

### **State and Federal Government Surveys**

You may also be selected to complete an annual government survey issued either via a state or federal Government Body.

### **Continuous Improvement**

Kallibr Training collect feedback from employers, students, Facilitators/Assessors, and other employee members on a systematic and regular basis. We are committed to continuous improvement, seeking to enhance our services the best we can to meet collective expectations.

### **Cancellations, Withdrawals and Deferrals**

Kallibr Training recognises that sometime circumstances can reduce a student's capacity to complete their course, therefore students may withdraw. If this is done prior to commencement, it is considered a cancellation.

Kallibr Training also recognises that there may also be times where students would like to defer their training due to personal reasons. Kallibr Training will make reasonable efforts to assist students in completing their studies but will also assist those students who would like to discontinue their studies.

<b>DOCUMENT NAME</b>	Participant Handbook	<b>ISSUE DATE</b>	May 23	<b>Standard REF</b>	2.1,2.2
<b>VERSION No. 5</b>	<b>Uncontrolled when printed.</b>	<b>NEXT REVISION</b>	Jan 24	<b>Page</b>	22 of 25

- Phone: 1300 668 141
- Email: admin.QLD@kallibr.com.au
- Advising Kallibr Training when staff contact the student.

If the reason for withdrawal is due to the performance of Kallibr Training or Kallibr Training believes that extra support can be provided to the student, then Kallibr Training employee will make reasonable efforts to address the concerns of the student to assist them in completing their studies.

Students are also required to contact their Australian Apprenticeship Support Network (AASN) and advise of their cancellation date and complete any necessary forms with their employer if they are an apprentice or trainee.

Kallibr Training may also withdraw students in some circumstances such as:

- Student misbehaviour resulting in severe breach of Kallibr Training's Code of Conduct for Students
- Non-payment of fees
- Ongoing non-submission of assessments
- Lost contact.

### **Deferrals**

Under special circumstances, students may defer their subsidised training for a period. Kallibr Training will make every effort to assist the student to continue training where possible by implementing strategies to accommodate the student in completing their qualification. Should the student still wish to defer their studies then Kallibr Training will advise the student of any fee implications of deferral. If the student does not restart their training, Kallibr Training will contact the student and discuss options.

If the student is unable to commit at this time, Kallibr Training will withdraw the student, and should they wish to recommence their studies in the future then they will be treated as a new student. Exceptions may apply.
